Workshop date

05 12 24

Facilitators

David Roulston - Product Manager
Harjot Singh - Product Owner
James Rees - Business Analyst
Dylan Anderson - Business Analyst

Agenda

1. Introduction — 5 min
2. Update on Releases — 5 min
3. Related Entity Demo — 10 min
4. BM Registration Update — 5 min
5. Feedback — 5 min

Rules

- This is your session to participate. Dig in!
- Use the chat function to ask questions.
- Use the mute button when not speaking.
- Avoid interrupting when others are speaking.

Your Participation Role

1. **Throughout the session**
   Speak up, think big, raise concerns, be patient, don't use acronyms or inside language.
2. **During activities**
   Ask clarifying questions before we begin, good energy in - good results out.
3. **Remember**
   This session is part of the (good) work. We've never done this together before. Seek to understand before being understood.

Mural Tips

NAVIGATION

Moving the board

Hold the space bar down then click and drag to move the position of the entire MURAL on your screen

Zooming in & out

Scroll the wheel on your mouse or pinch on your trackpad to zoom in/out. When changing devices you may need to check **Zoom Settings** in the bottom right.

The minimap

Track your view of the MURAL and zoom percentage on the minimap on the bottom right corner of your screen.

ORGANIZING

Select Objects

Click an object to select it; hold shift while clicking objects to select more than one at once

Move Objects

After selecting the objects you wish to move, simply drag them to the desired location on the MURAL

CONTRIBUTING

Sticky Notes

Add sticky notes by right-clicking, then selecting **Add Sticky Note** or by double clicking on an empty space or the background.

2 Update on Releases

Latest status

5 min

29th November - Release 3.7

1. Related Entity Phase 4 - enhanced user experience and introduction of automation for an extension and a termination of a Related Entity Agreement.
2. RDP Enhancement Phase 6 - improved user experience and reduction of manual errors through system rules.
3. Technical Debt Phase 4 - improved synchronisation of environments to help internal testing.
4. DNO Reporting - functionality to support adhoc sharing of pre-qualification and auction outcome at the asset level with DNOs.
5. General Enhancements - improvements to user management.

13th December - Release 3.8

1. Pre-Qualification Dashboard Phase 3 (Dynamic Reporting) - flexibility to configure different views of Units and Assets against Services rather than wait for SMP to develop new reports.
2. General Enhancements - bug fixes to the API.

31st January - Release 3.9

1. BM Registration - improved user experience, elimination of manual data entry to the NESO Systems Support and Insight Team and all registrations are on the strategic solution of SMP

4 BM Registration Updates

Latest progress

5 min

Public

Future of registration

We are changing the way we manage Registrations for the Balancing Mechanism (BM). Early in the new year the process will be moving to the Single Markets Platform (SMP). This will bring BM Registration in line with Balancing Services and enable customers to input and update their unit data directly.
