Beverley,

Centrica supports the changes as proposed by CAPs 132-139. However, there are two minor points of clarification which are sought:

CAP134 - does the period of 7 days expire at 05.00 on the next following Monday or at 04.59

CAP133 - both in section 3.2 of the Amendment Report and in the Amendment itself it refers to "amend the incontinency". Please confirm this should read "inconsistency".

Regards

Simon
