

## Code Administrator Meeting Summary

### CMP308 - Removal of BSUoS charges from Generation

Date: 12 July 2019

#### Contact Details

Chair: Rachel Hinsley

Contact details: [rachel.hinsley1@nationalgrideso.com](mailto:rachel.hinsley1@nationalgrideso.com)  
07811 762 440

Proposer: Simon Vicary, EDF

[Simon.Vicary@edfenergy.com](mailto:Simon.Vicary@edfenergy.com)

#### Key areas of discussion

The Workgroup discussed the following:

- The workgroup report with additional comments submitted from workgroup members to balance views within the report.
- Proposed alternatives from workgroup members. There were eight alternatives proposed by the workgroup. Upon voting against whether the alternatives better facilitate the CUSC Objectives than the baseline and the Original proposal four have been accepted as Workgroup Alternative Code Modifications (WACMs). The four WACMs introduce an implementation date of 2 or 3 years following an Authority decision. implementation. on the Original proposal and WACM1.

#### Next steps

The Workgroup agreed that the following next steps:

- The legal text to be developed for all the WACMs and the legal text to be reviewed for the Original proposal.

**Actions (from this meeting)**
