

GSR018: SSO WG6 Headline Report

1 Introduction

GS opened the meeting by thanking all of those in attendance. The apologies were also noted. The previous meeting minutes were approved without the need for any alterations. These shall now be published onto the National Grid NETS SQSS website.

2 Review of Actions

a) On-Going Actions:

Action	Description	Action Owner	Due Date
5.0	GS to ask the Grid Code Review Panel whether or not Modification GC0077 needs to be reissued for Industry Consultation alongside the GSR018 Workgroup Report. <i>Update: This shall all be released for Industry Consultation as one single package of work.</i>	GS	23/09/2015 <i>Closed</i>
5.1	All comments with respect to the Workgroup Report should be submitted to BA (bieshoy.awad@nationalgrid.com) by close of business on Wednesday 05 August 2015. BA shall then update the Workgroup Report accordingly. <i>Update: Further comments have now been invited by close of business on Monday 5 October 2015 at the very latest.</i>	ALL	05/08/2015 <i>05/10/2015</i>
5.2	GS to seek guidance from the NETS SQSS Review Panel and Grid Code Review Panel with respect to releasing GSR018 for Industry Consultation as quickly as possible. <i>Update: It was confirmed that the NETS SQSS Review Panel will be able to approve GSR018 via email circulation to speed up the process.</i>	GS	23/09/2015 <i>Closed</i>
5.3	NM to arrange a teleconference for 14:00 on Wednesday 23 September 2015. <i>Update: This action has been completed and can therefore be closed.</i>	NM	ASAP <i>Closed</i>

3 Review of Workgroup Report

BA led the Workgroup through a page-turn of the draft Workgroup Report summarising at a high-level what each section was attempting to achieve. All significant changes from the previous version had been highlighted in yellow for easy identification. A number of comments were raised during this process, most of which were actioned immediately. Others were to be given further consideration outside of this meeting.

4 Next Steps

All Workgroup Members are requested to submit any outstanding comments on the Workgroup Report by close of business on Monday 5 October 2015 at the very latest. BA shall then update the Workgroup Report accordingly. GS and BA shall then present the Workgroup Report to the November 2015 Grid Code Review Panel and December 2015 NETS SQSS Review Panel respectively, after which this shall be released for Industry Consultation at the earliest opportunity.
