

System Operator – Transmission Owner Code (STC)

Title of the STCP Modification Proposal
Update of STCP18-1
Submission Date
18 June 2014
Description of the Issue or Defect that the STCP Modification Proposal seeks to address
Refinement of the Connection and Infrastructure Options Note (CION) process in the light of experience gained.
Description of the STCP Modification Proposal
The CION process has proved to be unwieldy as documented and it has been refined to improve clarity through simplification.
Impact on the STC
N/A
Impact on Core Industry Documentation. Please tick the relevant boxes and provide any supporting information
BSC <input type="checkbox"/>
Grid Code <input type="checkbox"/>
CUSC <input type="checkbox"/>
Other <input type="checkbox"/> <i>(please specify)</i>
<i>This is an optional section. You should select any Codes or state Industry Documents which may be affected by this Proposal and, where possible, how they will be affected.</i>

Impact on Computer Systems and Processes used by STC Parties:

None

Details of any Related Modification to Other Industry Codes

None

Justification for STC Modification Proposal with Reference to Applicable STC Objectives:

The purpose of the CION has been explained more clearly, its content refined and reduced to make the process more efficient.

Please tick the relevant boxes and provide justification:

(a) efficient discharge of the obligations imposed upon transmission licensees by transmission licences and the Act.

The creation of offers for customers will be more efficient with the clearer guidance and revised CION format.

(b) development, maintenance and operation of an efficient, economical and coordinated system of electricity transmission

(c) facilitating effective competition in the generation and supply of electricity, and (so far as consistent therewith) facilitating such competition in the distribution of electricity

(d) protection of the security and quality of supply and safe operation of the national electricity transmission system insofar as it relates to interactions between transmission licensees

(e) promotion of good industry practice and efficiency in the implementation and administration of the arrangements described in the STC.

The creation of offers for customers will be more efficient with the clearer guidance and revised CION format.

(f) facilitation of access to the national electricity transmission system for generation not yet connected to the national electricity transmission system or distribution system;

STCP 18-1 is the procedure for connections and modifications applications; thus improvement in its clarity will enhance the process.

Additional details

Details of Proposer: (Organisation Name)	NGET
Capacity in which the STCP Modification Proposal is being proposed: (i.e. STC Party or other Party as designated by the Authority pursuant to STC Section B7.2.2.1 (b))	STC Party
Details of Proposer's Representative: Name: Organisation: Telephone Number: Email Address:	Keith Dan NGET 01926 655336 Keith.dan@nationalgrid.com
Details of Representative's Alternate: Name: Organisation: Telephone Number: Email Address:	Andrew Hiorns NGET 01926 655421 Andrew.hiorns@nationalgrid.com
Attachments (Yes/No): Yes - Draft STCP18-1 Issue 004	

Contact Us

If you have any questions or need any advice on how to fill in this form please contact the Modification Panel Secretary:

E-mail STCTeam@nationalgrid.com

Phone: 01926 653509

For examples of recent STC Modifications Proposals that have been raised please visit the National Grid Website at

Submitting the Proposal

Once you have completed this form, please return to the Panel Secretary, either by email to Lucy.Hudson@nationalgrid.com and copied to STCTeam@nationalgrid.com, or by post to:

Lucy Hudson
STC Modification Panel Secretary, TNS
National Grid Electricity Transmission plc
National Grid House
Warwick Technology Park
Gallows Hill
Warwick
CV34 6DA

The Modification Panel Secretary will check the form has been completed, in accordance with the requirements of the STC. If no more information is required, the Modification Panel Secretary will contact you with a Modification Proposal number and the date the Proposal will be considered by the Panel. If, in the opinion of the Modification Panel Secretary, the form fails to provide the information required in the STC, the Proposal can be rejected. You will be informed of the rejection and the Modification Panel will discuss the issue at the next meeting. The Modification Panel can reverse the Modification Panel Secretary's decision and if this happens the Modification Panel Secretary will inform you.
