## Key areas of discussion

### • Workgroup Consultation responses

- attendees felt that the consultation responses largely reflected previous debates in workgroup
- highlighted that the Supplier Licensing Review consultation was currently taking place, although it was noted that review does not specifically discuss credit cover
- Request for additional assessment on impact on existing suppliers noted –The Proposer agreed to provide updated figure, but noted this would only be a high-level assessment with limits on what could be s
- It was noted that a key theme of the responses was doubt on the defect. It was highlighted that under-forecasting and late payment could be looked at – however it was noted that under forecasting was likely to be addressed by the upcoming TCR decision. The Proposer stated that they were dealing with late payment

### • Alternatives

- The Workgroup reviewed the responses and concluded that it would be beneficial to progress Option A which would be to have a Payment Record History allowance in place but that this would 'fall away' after a period of time
- It was confirmed that this would be raised by SSE and tabled at the next meeting on the 10 December to discuss next steps and whether the alternative should proceed to Ofgem for decision

## Next steps

- Alternative to be drafted and circulated ahead of the next Workgroup meeting scheduled for 10 December 2019
- Proposer to complete high level analysis requested and present at the next meeting
