

# Panel Debate

---

**A shift to reliance on Distributed Black Start.**

**What will it take to gain trust and confidence in distributed black start?**

- What will it mean for consumers?
- What will it mean for system operations?
- What will it mean for markets participants?
- What role does it play in the wider industry push for decarbonisation?
- What does it mean from a whole systems perspective?

## Panel Members

**Jane Gray**

Faversham House

**Peter Chandler**

National Grid ESO

**Andrew Enzor**

Cornwall Insights

**James Kerr**

Citizens Advice

**Cian McLeavey-Reville**

National Grid ESO

**Professor Nicolas Jenkins**

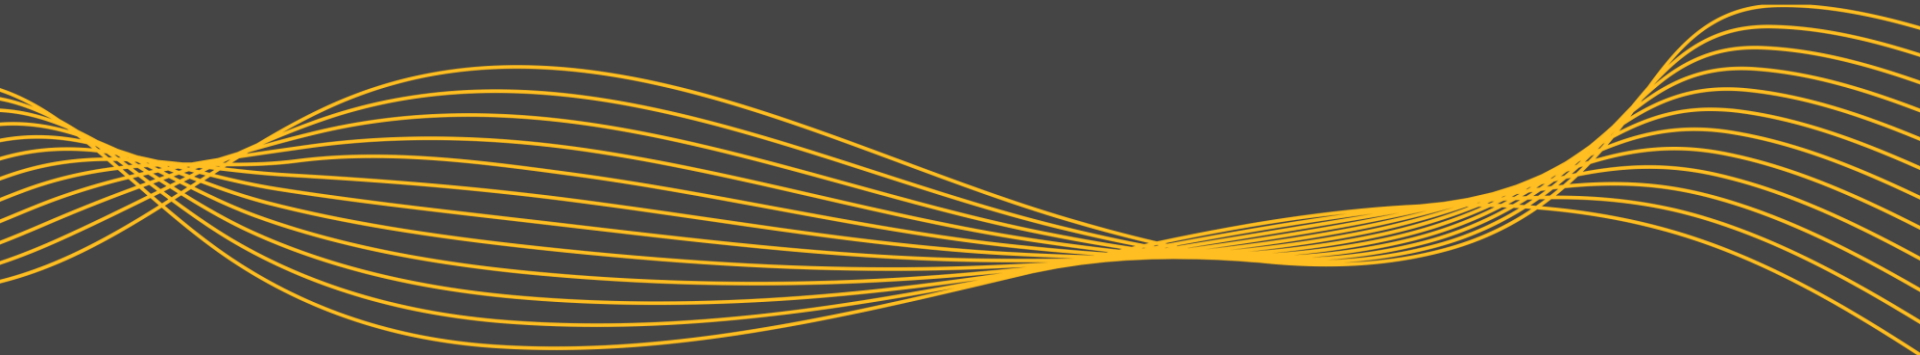

Cardiff University

# Distributed ReStart

**Roisin Quinn**

Head of National Control &  
Distributed Restart Sponsor,  
National Grid ESO

# Review of the day – Summary & Feedback

---

# What's next

---

## Power Engineering & Trials

**Report:** *Technical and Financial Proposals for Demonstration*

31st July 2020

## Organisational, Systems & Telecommunications

**Report:** *A Design for Process, Control Systems and Resilient Telecommunications*

October 2nd 2020

## Procurement & Compliance

**Report:** *Contract terms and regulatory arrangements*

October 2nd 2020

## We will be Exhibiting at :

- Future Networks – 25th February 2020
- Utility Week Live – 19th & 20th May
- CIRED - 4<sup>th</sup> – 5<sup>th</sup> June 2020
- Cigre – 24th – 28th August 2020
- LCNI – 3rd – 4th November 2020

## Look out for:

- Future Webinars
- Project updates
- Workshops

## Keep updated
