Key areas of discussion

- The overriding goal is to present the final workgroup report at the Grid Code Review Panel on 29 August 2019 (papers must be submitted by 21 August 2019);
- Objective of meeting was to finalise the legal text and workgroup report to allow workgroup consultation to be issued on 14 June; however, we did not quite achieve this and workgroup consultation will now be issued on 21 June - see *section on Next Steps for further information*;
- The bulk of the meeting focused on the legal text particularly on the definitions and the scope of the black start testing for Generators and HVDC; and
- The discussion identified areas that need to be presented in the workgroup report to provide clarity for the industry – see *action 12 of the Action Log for further detail*.

Next steps

The Workgroup agreed that the following next steps:

- Updated legal text and workgroup consultation to be issued to workgroup 14 June;
- Any showstopper comments to be provided by workgroup by 5pm on 19 June;

- Workgroup consultation to be issued 21 June; and
- Meeting 18 July 2019 to review consultation responses.
