Dear Colleague,

Connection and Use of System Code ("CUSC") CMP306: Align annual connection charge rate of return at CUSC 14.3.21 to price control cost of capital

In the CUSC Approval Letter¹, the Implementation Date was erroneously stated as 30 October 2020. It should have been stated as 1 April 2021² in line with the CUSC modification proposal.

For the avoidance of doubt, Ofgem has not proposed any change to the Implementation Date of 1 April 2021.

National Grid ESO has agreed to publish this letter on its website.

Yours sincerely,

Steve McMahon
Deputy Director, Systems & Networks
