## Grid Code Development Forum

<b>Date:</b>	02 September 2020	<b>Location:</b>	Digital only meeting via WebEx Please register below to receive the details to join: <a href="#">WebEx Registration Link</a>
<b>Start:</b>	10:00	<b>End:</b>	12:00

## Agenda for Grid Code Development Forum (GCDF) (10:00 – 11:20)

#	Topics to be discussed	Owner	Approx. Timings
1.	Introductions	Code Administrator	10:00 – 10:10
2.	Presentation: Industry Codes and Early Competition	Mike Oxenham, NG ESO	10:10 – 10:40
3.	Presentation: Energy UK Lessons Learnt 9 August Power Interruption	Matthew Deitz, Energy UK	10:40 – 11:10
4.	AOB	All	11:10 – 11:20
5.	Close	Code Administrator	11:20

### Industry Codes and Early Competition

#### Mike Oxenham, NG ESO

The purpose of this agenda item is to provide an update on the work the ESO is undertaking on the development of an Early Competition Plan. There will be an overview of the model that has recently been consulted upon as well as the planned next steps and timescales. There will be the opportunity to provide feedback on the proposals and to ask questions, including in relation to the potential impacts on the industry codes in future.

### Energy UK Lessons Learnt 9 August Power Interruption

#### Matthew Deitz, Energy UK

Matthew was a member of the Energy Emergencies Executive Committee (E3C) drafting party for the 9 August 2019 power disruption (generation focussed), and the author of the lessons learnt for generators (preliminary findings published earlier in the year). This presentation will provide an overview of this work, and give you an opportunity to discuss with him the progress, and any questions or concerns that you have from the ongoing process.
