### Key areas of discussion

The Workgroup discussed the following:

- The workgroup at meeting 5 had been grouped into subcommittees to discuss potential alternative solutions for GC0141 around the following areas:
  - Independent Engineer
  - SSCI/SSTI
  - Appendix A.9
- Each group played back their high level thoughts on an alternative solution in each area, and these were recorded to be summarised within the Workgroup Consultation. The workgroup hope to consult industry on their thoughts on an alternative solution in each area then to develop any potential alternatives post consultation.
- The workgroup discussed the legal text for the proposed original solution for GC0138. The workgroup were given time to feed in further thoughts on this (please see next steps).
- The Code Administrator will share the consultation documents with the workgroup to review ahead of a consultation period for both modifications in March 2021.

### Next steps

The Workgroup agreed that the following next steps:

- Workgroup to review consultation documents before 26 February 2020
- Workgroup to review the legal text for GC0138 before 19 February 2020

- Uniper and Centrica to work on alternatives
