

Welcome and Opening of Markets Forum

Kayte O'Neill
Head of Markets

Our March webinars

Menti

In our interactive sessions last time we:

- Launched our Markets Roadmap to 2025
- Introduced the code change Roadmap through to 2025 and how code reform will contribute to net zero
- Provided an overview of potential medium term developments in policy within the CM and CFD regimes
- Hosted an interactive discussion about the challenges in redesigning GB electricity markets for net zero

You said, we did...

We listened to what you told us last time so today you can expect

Topics you told us you wanted to know more about

Better signposting of each webinar so you know if it's relevant for you

What's going well, but also some of our key challenges

Interactive sessions so we can ensure our future progress considers the learnings from today

Aim for today

- journey

- ambitions / principles

- join the dots

- explore interactions

- challenge our thinking

- feedback
