This is the Grid Code Panel's Self-Governance Statement to the Authority for Grid Code Modification Proposal GC0149 'Grid Code changes to reflect the terms of the UK's departure from the EU'. National Grid ESO has prepared this Self-Governance Statement on behalf of the Grid Code Panel and submits it to you in accordance with the Grid Code.

- i) Existing or future electricity customers;
- ii) Competition in the generation, distribution, or supply of electricity or any commercial activities connected with the generation, distribution or supply of electricity,
- iii) The operation of the National Electricity Transmission System
- iv) Matters relating to sustainable development, safety or security of supply, or the management of market or network emergencies
- v) The Grid Code's governance procedures or the Grid Code's modification procedures
