CMP212 Relevant Interruptions Claim Report

Purpose of Relevant Interruptions Claims Report

As a result of the implementation of '**CMP212: Process for setting minimum limits for claims for Relevant Interruptions**', it was agreed that the Code Administrator would produce a report to the CUSC Panel detailing information in respect of the Relevant Interruptions received during each reporting period.

This report covers claims received between 1 January 2021 to 31 March 2021. These reports will be produced quarterly and submitted to the CUSC Modifications Panel.

Summary

Table 1 below gives an overview of the status of the claims received during the reporting period.

Table 1

Total Claims Received	Claims Rejected	Claims being Processed	Claims Pending Payment	Claims Paid
1	0	0	0	1

Additional Detail

Table 2 shows details of individual claims in date order received during the reporting period.

Table 2

Claim	Power Stations Affected	Claim Status	Business Days between claim submission and final letter	Extension to CUSC Section 5.10.6 agreed	Claim Value £k (nearest £5k)
79	1	Valid	tbc	tbc	tbc

Claims from previous reporting periods (pending or being processed)

Table 3 provides an update of claims from previous reporting period where the status of the claim was pending or being processed

Table 3

Claim	Power Stations Affected	Status	Business Days between claim submission and final letter	Extension to CUSC Section 5.10.6 agreed	Paid Value £k (nearest £5k)
75	1	Paid	43	n/a	£20k
