Contact details: Lurrentia.walker@nationalgrideso.com

Proposer: Andy Pace

Contact details: andy.pace@energy-potential.com

Key areas of discussion

- The Proposer presented the key elements of the solution and asked the Workgroup for feedback on these, they were:
 - Proposed definitions
 - Issues on securities
 - Rules of connection assets
 - Adoption processThe full slides can be found via the following [link](#)
- The Workgroup discussed the impacts this modification has on the STC and how is best to deliver the changes due to the different timescales. The Chair took an action to contact Ofgem regarding how they would want the CUSC and STC changes packaged.
- The Workgroup reviewed the definitions and draft business requirements following the updates made by the ESO representative. It was agreed that the draft business rules be converted into legal text so the Workgroup could better see how the changes would work practically.
- The Workgroup confirmed the actions taken at the meeting which are listed below.

Actions

Action Number	Date Raised	Owner	Action	Due by
9	15.04.21	LW	Contact Ofgem to highlight the concerns raised by Workgroup members on contestability for 132kV and the disparity between Distribution/Transmission Networks north/south of the border. If we are moving towards a 'whole system' approach, isn't this something	WG3

			we should now be looking to review. What are Ofgem's thoughts on this?	
13	18.06.21	RW	Provide a view of underlining principles for TO intervention (such as delays, cost increases & future sharing)	WG3
16	18.06.21	NW	Incorporate feedback from Workgroup on the business rules and draft the legal text. This will be shared with the Workgroup for any further comments.	WG3
17	13.07.21	All	Workgroup members to provide comments on the draft legal text by 13.08.21.	WG3
18	13.07.21	LW	Contact Ofgem regarding representation at the Workgroups and their views on how they expect to see both the CUSC and STC changes.	WG3
