1 Introduction

Welcome to the CUSC Panel Headline Report. This shall be produced after every CUSC Panel meeting and aims to provide all of our key stakeholders / interested parties with an overview of the headlines and key decisions the Panel are currently managing. Full minutes of the meeting will be produced and approved at the next meeting of the CUSC Panel and will then be published on the website.

All presentations given at this Modifications Panel meeting can be found in the Modifications Panel area on the National Grid website¹

We would welcome any comments you may have.

2 New CUSC Modification Proposals

There were no new modification proposals presented at this meeting.

3 CUSC Panel Recommendation Vote

CMP272 'Aligning Condition C5 and C10 of the CUSC to the license changes introduced by the Code Governance Review Phase 3', This CUSC modification proposal seeks to implement the license changes to the CUSC arising from Ofgem's Code Governance Review (Phase 3).

The Panel voted on CMP272 against the Applicable CUSC Objectives. The Panel members unanimously agreed that the Original was better than the Baseline.

4 Authority Decisions

There has been an Authority decision this month.

The Authority have decided to send **CMP261 'Ensuring the TNUoS paid by Generators in GB in Charging Year 2015/16 is in compliance with the €2.5/MWh annual average limit set in EU Regulation 838/2010 Part B (3)'** back for two reasons which are listed below:

- Issues with the consistency of the legal text when compared with the options discussed in the Final Modification Report.
- Clarity on whether the options submitted reimburse the right Users the right amount of the alleged overcharge.

5 Next Meeting

There are two Special CUSC Panel meetings taking place on 10 and 17 March to discuss CMP261. The next normal Panel meeting will take place on 31 March 2017 at National Grid House, Warwick.
