1 Introduction

Welcome to the CUSC Panel Headline Report. This shall be produced after every CUSC Panel meeting and aims to provide all of our key stakeholders / interested parties with an overview of the headlines and key decisions the Panel are currently managing. Full minutes of the meeting will be produced and approved at the next meeting of the CUSC Panel and will then be published on the website.

All presentations given at this Modifications Panel meeting can be found in the Modifications Panel area on the National Grid website¹

We would welcome any comments you may have.

2 New CUSC Modification Proposals

There was a new modification proposal presented at this meeting.

CMP279 ‘Housekeeping modification to amend typographical errors in the CMP272 legal text.’ This proposal seeks to address the Authority’s recommendations for CMP272. The Authority when making its decision to approve the implementation of CMP272 noted three legal text errors in the Final Modification Report and recommended that these should be corrected via a Housekeeping Modification.

The Panel unanimously agreed that this proposal meets the Fast Track Self-Governance criteria and should progress through to the Appeals window.

3 CUSC Panel Recommendation Vote

There were no CUSC Panel votes.
