

# Code Administrator Meeting Summary

## GC0148: Workgroup 6- Implementation of EU Emergency and Restoration Code Phase II

Date: 20 December 2021

### Contact Details

Chair: Ian Ascroft      Contact details: [Ian.Ascroft@nationalgrideso.com](mailto:Ian.Ascroft@nationalgrideso.com)

Proposer: Anthony Johnson      Contact details: [Anthony.Johnson@nationalgrideso.com](mailto:Anthony.Johnson@nationalgrideso.com)

### Key areas of discussion

- The chair reviewed actions from the previous meetings and received updates from workgroup members
- The aim of this meeting was to go through all the actions, discuss the updated notifications letter, discuss the telephony control standard, address comments from workgroup members on system defence, system restoration and look at the next steps and finally look at the workgroup consultation and draft workgroup report
- The ESO representative presented the Telephony Control Standard and workgroup members shared their views. A number of views raised will be covered by updated slides circulated with this summary

The following actions were noted:

### Actions Log

Action Number	Action	Update	Owner	Due by	Status
1	Garth Graham to provide text to the Code Administrator for inclusion in the Workgroup Report relating to the Term and Conditions and "Approval by GEMA"	Update will be provided early in the new year	Garth Graham	14 January 2022	Open

2	Next Iteration of the System Defence Plan, System Restoration Plan and Test Plan to include GC0148 updates	Discussed at the December meeting	Anthony J	14 January 2022	Open
3	Updated Notification Letter	Circulated before the meeting and updated letter discussed in the meeting	All	14 January 2022	Open
4	Control Telephony Standard – Comments received – further discussion on approach / Virtual Control Point – see later Control Telephony slides – Control Telephony Standard placed on hold until issue is more widely discussed.	Discussed at the December meeting	Mark Bingham	14 January 2022	Open
5	Distributed Re-Start Legal Text – Circulated prior to the last workgroup Meeting held on 5 <sup>th</sup> November– Comments sought from Workgroup by 15 <sup>th</sup> December	Comments from Alan and Alistair but still waiting for more comments. Main thing is understanding the completion date. This will be discussed Jan meeting	All		Open
6	Low Frequency Demand Disconnection – Meeting held with DNO's on 16 <sup>th</sup> December to identify gaps between the requirements of E&R and DNO work – Update to be provided at meeting	Was on the agenda item but was not discussed. To be discussed in January meeting	All		Open
7	Tony to check that there is no legal obligation on DNO's	Workgroup members agreed this	Anthony J		Open
8	Tony to check with legal on the notifications letter- who will issue this letter	Workgroup members agreed this	Anthony J		Open

#### Next steps:

- The next workgroup will be on **14 January 2022** – primary focus is to cover the 5 of agenda items that were not discussed at the December meeting
