

Code Administrator Meeting Summary

GC0146: Solutions for frequency control of Power Park Modules

Date: 08 December 2021

Contact Details

Chair: Ian Ascroft, National Grid ESO ian.ascroft@nationalgrideso.com

Proposer: Nicola Barberis Negra, Orsted nibne@orsted.co.uk

Key areas of discussion

The Workgroup discussions are summarised:

Introductions and meeting objectives

- Chair welcomed the Workgroup to its inaugural meeting and led introductions.
- Chair provided a high-level overview of the modification lifecycle.

Presentation of modification by proposer

- Proposer provided the Workgroup with detail of the proposed modification.

Review of Terms of Reference (ToR)

- Chair shared the ToR with the Workgroup and ran through the main points to be made aware of.
- All workgroup members accepted ToR presented with no additional items added for consideration.
- Some amendments highlighted in respect of Workgroup membership.

Next steps

- The Chair presented proposed timeline for the Workgroup to review, with one question raised to if the timeline was moveable, which the Chair advised it was if required and all in agreement.
- No further comments were raised on the proposed timeline and the Workgroup confirmed the proposed timeline.

- The legal aspect of this modification needs to be considered with the legal elements being added as an agenda item to the next meeting with the Chair to invite a legal representative for support in answering queries raised.
- All Workgroup members to consider implications for cross border arrangements and any other potential implications of the proposed solution, with a request that the Workgroup consider the working practice of this, with any implications to be brought forward to the next workgroup meeting.
- Consideration made of any projects within ESO pipeline to ensure future potential of the modification, ESO rep to investigate this and be brought to next Workgroup.
- A request from the Workgroup was made for a high-level block diagram to show a real-life example to assist in the understanding of the change.

The following actions were noted:

Actions Log

Number	Action	Owner	Status
1	Chair to request presence of legal at the next Workgroup meeting to support	Ian Ascroft	Open
2	Workgroup member Borja to provide high level block diagram to show a real-life example to assist with understanding of change	Borja Abeccia	Open
