Workgroup 2 - Assess Workgroup Consultation Responses and Workgroup Vote	31 December 2021 (9am to 2pm)	Ofgem decision	14 January 2022 (5pm)
Workgroup report issued to Panel	5 January 2022	Implementation Date	17 January 2022
Panel sign off that Workgroup Report has met its Terms of Reference	6 January 2022 (12pm)		

The slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep across the upper portion of the slide. In the bottom right, there are three thick, parallel diagonal lines that extend from the bottom left towards the top right. A single yellow line also runs horizontally across the bottom of the slide, just above the logo.

Workgroup Responsibilities

Paul Mullen – National Grid ESO Code Administrator

Expectations of a Workgroup Member

Contribute to the discussion

Be respectful of each other's opinions

Language and Conduct to be consistent with the values of equality and diversity

Do not share commercially sensitive information

Be prepared - Review Papers and Reports ahead of meetings

Complete actions in a timely manner

Keep to agreed scope

Your Roles

Help refine/develop the solution(s)

Bring forward alternatives as early as possible

Vote on whether or not to proceed with requests for Alternatives

Vote on whether the solution(s) better facilitate the Code Objectives

The background features several abstract, flowing yellow lines that sweep across the page, creating a sense of movement and energy. These lines vary in thickness and curvature, some forming loops and others extending towards the edges of the frame.

Review of Workgroup Consultation Responses

All Workgroup

The background features several abstract, flowing yellow lines. Some lines are curved and loop around the top left, while others are straight and diagonal, extending from the bottom left towards the top right. These lines create a sense of movement and energy.

Review of Alternative Solutions

All Workgroup

The background of the slide features several abstract, flowing yellow lines. Some lines are curved and loop around the top left, while others are straight and diagonal, extending from the bottom left towards the top right. These lines create a sense of movement and modern design.

Review of Legal Text

All Workgroup

Workgroup Alternative Vote

All Workgroup

Can I vote? and What is the Alternative Vote?

To participate in any votes, Workgroup members need to have attended at least 50% of meetings

Stage 1 – Alternative Vote

- Vote on whether Workgroup Alternative Requests should become Workgroup Alternative CUSC Modifications.
- The Alternative vote is carried out to identify the level of Workgroup support there is for any potential alternative options that have been brought forward by either any member of the Workgroup OR an Industry Participant as part of the Workgroup Consultation.
- **Should the majority of the Workgroup OR the Chair believe that the potential alternative solution may better facilitate the CUSC objectives than the Original then the potential alternative will be fully developed by the Workgroup with legal text to form a Workgroup Alternative CUSC modification (WACM) and submitted to the Panel and Authority alongside the Original solution for the Panel Recommendation vote and the Authority decision.**

Finalise Solution(s)

All Workgroup

The background features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep across the upper portion of the slide. In the bottom right, there are three thick, parallel diagonal lines that extend from the bottom left towards the top right, creating a sense of movement and direction.

Agree that Terms of Reference have been met

All Workgroup

CMP381 – Terms of Reference

Workgroup Term of Reference	Location in Workgroup Report
a) Consider EBR implications	“Interactions” section
b) Consider whether or not a £10/MWh cap on BSUoS is appropriate or justify if another £/MWh cap is more appropriate	“Workgroup Considerations” section
c) Consider if the £10/MWh cap on BSUoS should be in place from 1 January 2022 to 31 March 2022 or a different time period	“Workgroup Considerations” section
d) Consider the impacts of Generators, Suppliers and Consumers deferring the additional BSUoS costs above the cap to the 2022/23 charging year	“Workgroup assessment of Impacts” section
e) Consider the limit on the total BSUoS costs that would be deferred	“Workgroup Considerations” section
f) Confirm there is no interaction with other in-flight Modifications	“Interactions” section
g) Consider invoicing/ billing timeline in the context of the implementation date	“Implementation Approach” section

Workgroup Vote

All Workgroup

Can I vote? and What is the Workgroup Vote?

To participate in any votes, Workgroup members need to have attended at least 50% of meetings

Stage 2 – Workgroup Vote

- 2a) Assess the original and WACMs (if there are any) against the CUSC objectives compared to the baseline (the current CUSC)
- 2b) Vote on which of the options is best.

The slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep upwards and to the right. In the bottom right, there are several thick, parallel diagonal lines that sweep upwards and to the right, creating a sense of movement and modern design.
