Louise Trodden and Alison Price provided an update on Ramping (SOGL 118/119) [details available on the slides](#).

AOB

Pricing Proposal Consultation

Joseph Henry, informed JESG that the Pricing Proposal Consultation had closed on Monday 7 March the day before JESG and that an update on the responses received would be given at the next JESG in April.

P412

Alison Price, informed JESG that the P412 consultation recommendation report would be presented to JESG in April.

Next JESG meeting

Garth Graham, JESG Chair suggested moving the April meeting scheduled for Tuesday 12 April to Tuesday 26 April and then cancel the May meeting on Tuesday 10 May.

Stakeholders in attendance agreed that as the scheduled April JESG was during Easter holiday period it made sense to move it to later in April and would also give more time for relevant updates to be brought to the next JESG. It was also agreed to cancel the May JESG as this would be too soon after the rescheduled April JESG now.

Next Meeting and Future Agenda Items

As above please note the next JESG meeting will be **26 April 2022** starting at 10am and not as previously communicated.

Stakeholders are invited to submit agenda items and presentation material for this meeting by **15 April 2022** or any future meetings to the Technical Secretary by emailing: box.europeancodes.electricity@nationalgrideso.com.

Action Log

The Technical Secretary noted the JESG Standing Actions and updates on current actions.
