Action Number	Workgroup raised	Owner	Action	Comment	Due by	Status
4	WG1	KD	ToR (e) Source the following information: 1 - Have there been any instances of a manifest error since GB ECM-05 was introduced in 2006? 2 – Have there been any errors which have been +/- £100k of the current threshold?	KD to confirm if there have been any instances of a manifest error since GB ECM-05 was introduced in 2006 within the range of £150-£350k. This is to be circulated ahead of the next Workgroup.	WG3	Open

5	WG2	Workgroup Members	Workgroup members to: a) map inputs in the transportation model under the 4 categories listed within the definition of a manifest error in Section 14 b) review data in spreadsheet, fill in any gaps and confirm if they agree/disagree with what constitutes an error.		WG3	Open
6	WG2	Workgroup Members	If the definition of what constitutes an error changes, further analysis should be carried out to identify how many Users since 2006 would have been affected by this new definition/had the threshold been at this index level. What would have been the outcome? Are the number of Users affected higher/lower than the current status que?	Could this be completed post WG Consultation?	TBC	Open

Next Steps

- The next Workgroup meeting will be held on 6 June 2022.
