

Headline Report – 13 September 2022

Connection and Use of System Code (CUSC) Panel

The CUSC Panel Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

Workgroup Reports

The following Workgroup Report was presented to the Panel:

CMP395 ‘Cap BSUoS costs and Defer payment to 2023/24 to protect GB customers’

CMP395 seeks to cap BSUoS per Settlement Period from 1 October 2022 to 31 March 2023, recoup the money in charging year 2023/24; and cap the liability to be carried by the ESO

The Panel agreed that the Terms of Reference have been met and agreed for **CMP395** to proceed to Code Administrator Consultation subject to minor proposed drafting changes in the Workgroup Report being considered by the **CMP395** Workgroup. The **CMP395** Workgroup met post-Panel and considered the proposed drafting changes and agreed revised text. This was subsequently agreed by Panel ahead of the Code Administrator Consultation being published on 13 September 2022. Code Administrator Consultation will close at 5pm on 16 September 2022.
