Action Review

Milly Lewis – National Grid ESO Code Administrator

The background of the slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep upwards and to the right. In the bottom right, there are several thicker, parallel diagonal lines that sweep upwards and to the right, creating a sense of movement and modern design.

Review of Workgroup Consultation Responses

Milly Lewis – National Grid ESO Code Administrator

Workgroup Consultation

- Responses
 - 2 Non-Confidential Responses
- Applicable Objective better facilitated by Proposal
 - Both stated “(e) promotion of good industry practice and efficiency in the implementation and administration of the arrangements described in the STC.”
- Supportive of implementation
 - Both supportive
- Commentary
 - One Respondent felt that whilst the modification provided additional clarity it could be managed through CACoP rather than altering the STC legal text
 - One Respondent agreed that timely assessments required for impact on STCPs caused by cross code changes
- Alternatives proposed
 - No alternatives were proposed

Draft Legal Text Queries

There were 3 queries to the Draft Legal Text:

- 7.3.5.3
 - Numbering of reference sub-paragraph
- 7.3.5.4
 - Addition of 'Cross-Code Changes'
- 7.3.9
 - Approval/ implementation process

The slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep across the upper portion of the slide. In the bottom right, there are three thick, parallel diagonal lines that extend from the bottom edge towards the top right corner.

Finalise Solutions and Legal Text

Milly Lewis – National Grid ESO Code Administrator

The slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep upwards and to the right. In the bottom right, there are several thicker, parallel diagonal lines that sweep upwards and to the right, creating a sense of movement and modern design.

Terms of Reference

Milly Lewis – National Grid ESO Code Administrator

CM084 – Terms of Reference

Workgroup Term of Reference	Location in Workgroup Report (to be completed at Workgroup Report stage)
a) Implementation	
b) Review and support the legal text drafting;	
c) Ensure the appropriate Industry experts or stakeholders are engaged in the Workgroup to ensure that all potentially affected stakeholders have the opportunity to be represented in the Workgroup	
d) The cross Code impacts this Modification has, in particular on the CUSC, giving consideration to Grid Code and SQSS	

The slide features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep across the upper portion of the slide. In the bottom right, there are three thick, parallel diagonal lines that extend from the bottom left towards the top right. The background is a solid light blue.

Workgroup Alternatives and Workgroup Vote

Milly Lewis – National Grid ESO Code Administrator

The background features several decorative yellow lines. In the top left, there are several thin, curved lines that sweep upwards and to the right. In the bottom right, there are several thicker, parallel diagonal lines that sweep upwards and to the right, creating a sense of movement and modern design.
