SCHEDULE 1 - UTILISATION PAYMENTS	11
SCHEDULE 2 - PAYMENT PROVISIONS	12

1. Introduction

- 1.1 These **DFS Service Terms** describe the requirements for provision of the **Demand Flexibility Service** and the basis upon which **NGESO** shall make payments in respect thereof, and shall apply to a **Registered DFS Participant** and applicable **DFS Unit** where, in accordance with the **DFS Procurement Rules**, the **Registered DFS Participant's DFS Bid** is accepted by **NGESO**.
- 1.2 For the purposes of these **DFS Service Terms**, each **Registered DFS Participant** referred to in paragraph 1.1 is referred to in the **DFS Procurement Documentation** as a "**Service Provider**".
- 1.3 The submission by **NGESO** of a **DFS Acceptance** shall create a legally binding obligation on the **Service Provider** to provide from the relevant **DFS Unit**, and for **NGESO** to pay for, the applicable **Demand Reduction Volume** upon the terms of these **DFS Service Terms**. For the avoidance of doubt, neither a **Service Provider** nor **NGESO** shall be under any obligation or commitment to provide or pay for the **Demand Flexibility Service** except pursuant to these **DFS Service Terms**.
- 1.4 These **DFS Service Terms** should be read alongside the **DFS Procurement Documentation** of which they form a part.

2. Changes to these DFS Service Terms

- 2.1 Subject always to paragraph 2.2, **NGESO** may update these **DFS Service Terms** from time to time by publication of an updated version on its website, and each such updated version shall be effective from the date shown on its front cover provided always that any updated version shall not apply to any **DFS Bids** which were submitted prior to the date of publication except with the consent in writing of the relevant **Service Provider**.
- 2.2 To the extent required by the **Electricity Balancing Regulation** (and by reference to those provisions of the **DFS Procurement Documentation** constituting terms and conditions approved by the **Authority** as the terms and conditions related to balancing pursuant to Article 18 of the **Electricity Balancing Regulation**), any variation to these **DFS Service Terms** will be proposed and implemented in accordance with the applicable requirements in the **Electricity Balancing Regulation**.

3. Defined Terms

- 3.1 Unless the context otherwise requires, any capitalised term used in these **DFS Service Terms** shall have the meaning given to it (if any) in the prevailing **DFS Procurement Rules** or **Balancing Services Glossary of General Terms and Rules of Interpretation** (as the case may be).

4. Interpretation

- 4.1 The rules of interpretation set out in the **Balancing Services Glossary of General Terms and Rules of Interpretation** shall apply to these **DFS Service Terms**.

5. Service Delivery

- 5.1 Throughout each **Contracted Settlement Period**, the **Service Provider** shall procure the delivery of the **Demand Flexibility Service** in accordance with these **DFS Service Terms**.
- 5.2 Upon receipt of a **DFS Acceptance**, the **Service Provider** shall invoke the **DFS Initiation Measures** in a timely manner with the objective of ensuring that, throughout each **Contracted Settlement Period**, the aggregate **Demand** of the **Unit Meter Points** comprising the **DFS Unit** remains lower than the applicable **DFS Operational Baseline** by at least the **Demand Reduction Volume**.
- 5.3 With respect to each **DFS Unit**, the **Service Provider** shall procure the **Performance Data** and **Settlement Data** for each relevant **Unit Meter Point** during **Contracted Settlement Periods** to derive the **Delivered Demand Reduction Volumes** for monitoring and settlement purposes pursuant to paragraphs 6 and 7.

6. Performance Data

- 6.1 To enable **NGESO** to monitor the delivery of the **Demand Flexibility Service**, the **Service Provider** shall procure and retain for a period of not less than six (6) months the data specified or referred to in paragraphs 6.2 and 6.3 ("**Performance Data**"),

- 6.2 Unless otherwise specified by **NGESO** in writing from time to time, the **Performance Data** shall comprise, for each **DFS Unit** and for each **Contracted Settlement Period**, the individual **Half-Hourly Metered Data** together with all other data used by the **Service Provider** for the purpose of calculating the **DFS Operational Baseline** pursuant to Schedule 3 of the **DFS Procurement Rules** for each constituent **Unit Meter Point** (unless **Non-Participating**) during each **Contracted Settlement Period** (shown as MW and MWh).
- 6.3 The **Performance Data** shall also identify, for each **Unit Meter Point** referred to in paragraph 6.2, whether it was **Manually Initiated** or **Directly Instructable** during the relevant **DFS Service Window**, and:
- i. where **Directly Instructable**, the time of issue of the communication from the **Service Provider** to that **Unit Meter Point** to initiate delivery of **DFS**; or
 - ii. where **Manually Initiated**, the time at which the owner and/or occupier of the premises associated with that **Unit Meter Point** confirmed its intention to deliver **DFS**.
- 6.4 The **Service Provider** shall provide to **NGESO** on request upon not less than ten (10) **Business Days**' prior notice in writing, to the **DFS Assessment Platform** as soon as reasonably practicable, copies of all or any **Performance Data**.
- 6.5 For the purposes of paragraph 19 (*Confidentiality*) the **Service Provider** consents to **NGESO** publishing (in a non-anonymised format) all **Performance Data** on the **ESO Data Portal** or **NGESO**'s website, and/or in the **DFS Utilisation Reports**, for the purpose of illustrating the extent of delivery of the **Demand Flexibility Service**.

7. Utilisation Payments

- 7.1 **NGESO** shall, in accordance with paragraph 8, make payments to the **Service Provider** ("**Utilisation Payments**") calculated in accordance with the formulae in Schedule 1 and by reference to the **Delivered Demand Reduction Volumes**.
- 7.2 If the required number of **Onboarding Tests** and/or **Regular Tests** have not taken place by expiry of the **DFS Procurement Period** (ignoring any **Extension Period**) in the circumstances specified in the **DFS Procurement Rules** and where a payment is stated to be payable under these **DFS Service Terms**, then **NGESO** shall make a payment to the relevant **Registered DFS Participants** based on, for each **DFS Unit** and the number of such tests remaining to be carried out, the **Weekly Indicative Forecast** and the prevailing **Guaranteed Acceptance Price** at the time of the first missed test and applying a discount where appropriate as a result of historic performance of the **DFS Unit** shown by **Performance Data**.

8. Payment Procedure

- 8.1 In respect of each calendar month during which the **Service Provider** has received a **DFS Acceptance**, and subject to timely receipt from the **Service Provider** of the **Settlement Data** referred to in paragraph 8.2, **NGESO** shall send to the **Service Provider** a **Monthly Statement** setting out, in respect of each **DFS Unit**, its calculation for the preceding calendar month of:-
- i. the **Utilisation Payments** payable to the **Service Provider** pursuant to paragraph 6;
 - ii. any adjustments made to previous **Monthly Statements**; and
 - iii. the resulting net amount due to (or from, as the case may be) the **Service Provider**,
- and in respect thereof the provisions of Schedule 2 shall apply.
- 8.2 For the purposes of paragraph 8.1, and subject always to paragraph 8.3, for each **DFS Acceptance** received during any calendar week ending midnight Sunday, no later than 10:00 hours on the second Monday after expiry of that calendar week, the **Service Provider** shall send to **NGESO**, by email to the email account designated by **NGESO** for such purpose, the following details ("**Settlement Data**"):
- i. name of **Service Provider**;
 - ii. **DFS Unit ID**;
 - iii. the **Utilisation Price** (£/MWh);

- iv. start and end time of **Contracted Settlement Period**;
- v. for that **Contracted Settlement Period**:
 - 1. the **DFS Operational Baseline** (both MW and MWh per **Settlement Period**);
 - 2. the **Delivered Demand Reduction Volume** (both MW and MWh per **Settlement Period**);
 - 3. the aggregated **Half-Hourly Metered Data** for all constituent **Unit Meter Points** (MW and MWh per **Settlement Period**);
- vi. the **Service Provider's** calculation of the **Utilisation Payment** payable with respect to that **DFS Acceptance**.

8.3 For the purposes of paragraphs 8.1 and 8.2:-

- i. **Metered Data** in respect of a **Unit Meter Point** shall be excluded from **Settlement Data** if the **Unit Meter Point** was **Non-Participating** in the relevant **Contracted Settlement Period**; and
- ii. where for any **Contracted Settlement Period** any **Metered Data** is unavailable in respect of any **Unit Meter Point** but is available for each of the adjoining **Settlement Periods**, the **Service Provider** may at its discretion interpolate from such available **Metered Data** the missing **Metered Data** for the **Contracted Settlement Period**, but subject thereto where any **Metered Data** is unavailable in respect of a **Unit Meter Point** that **Unit Meter Point** shall be excluded from the **Settlement Data**.

8.4 **Settlement Data** shall be submitted to **NGESO** in such format as may from time to time be specified by **NGESO**.

8.5 In addition to submitting **Settlement Data** pursuant to this paragraph 8, the **Service Provider** shall procure the submission of energy volumes associated with each relevant **Unit Meter Point** as required under and for the purposes of the **ABSVD Methodology Statement** and paragraph 10.

9. Grid Code and Distribution Code

9.1 The provision by the **Service Provider** of the **Demand Flexibility Service** shall not relieve it of any of its obligations or affect such obligations (where applicable) set out in the **Grid Code** (including its obligations (if any) to provide **Demand** control when instructed by **NGESO** pursuant to **Grid Code OC6**) or in the **Distribution Code** of any **Public Distribution System Operator**.

9.2 Without limiting paragraph 9.1, each **Service Provider** that is or becomes a **DRSC Liable User** shall, for the duration of each **Contracted Settlement Period**, comply in all respects with the **Demand Response Services Code** as it refers to **Demand Response Active Power Control**.

10. ABSVD

10.1 For the purposes of the **ABSVD Methodology Statement**, the **Service Provider** hereby consents (where applicable for and on behalf of the **Lead Party** of all relevant **BM Units**) to all and any energy volumes associated with delivery of the **Demand Flexibility Service** pursuant to these **DFS Service Terms** not being included within the **Applicable Balancing Services Volume Data** save to the extent the **DFS Unit** contains **Unit Meter Points** which are **Half-Hourly Settled** in which case energy volumes will be included within the **Applicable Balancing Services Volume Data**.

11. Third Party Claims

11.1 The **Service Provider** undertakes to **NGESO** that the availability and delivery of the **Demand Flexibility Service** from any **DFS Unit** pursuant to and in accordance with these **DFS Service Terms** will not at any time cause the **Service Provider** to be in breach of or to otherwise be non-compliant with any **Connection Agreement** and/or any agreement for the supply of electricity or related services to or from any constituent **Unit Meter Point** or any **Plant** and **Apparatus** associated with it.

11.2 Notwithstanding paragraph 11.1, in the event that the **Service Provider** delivers the **Demand Flexibility Service** in accordance with these **DFS Service Terms** in consequence of which **NGESO** suffers or incurs

any loss in respect of a claim brought by any third party related to any actual or alleged breach or non-compliance by the **Service Provider** as described in paragraph 11.1, then the **Service Provider** shall indemnify **NGESO** against all and any losses, liabilities, claims, expenses and demands suffered or incurred by **NGESO** in connection therewith. Such indemnity shall include any legal costs and expenses reasonably incurred in the contesting of such claims including the court costs and reasonable attorney's fees and other professional advisors' fees. The **Parties** agree and accept that, for the purposes of paragraph 18 all such legal costs and expenses expressed to be the subject of such indemnity shall be treated as direct losses.

11.3 In the event of any such claim referred to in paragraph 11.2 being made against **NGESO**, **NGESO** shall as soon as reasonably practicable give notice of the claim together with all relevant supporting documentation to the **Service Provider**. The **Service Provider** shall be entitled, upon written notice to **NGESO** and subject to **NGESO** receiving from the **Service Provider** such reasonable undertakings as **NGESO** shall reasonably require to protect **NGESO** against damage to its name and reputation, to assume at its own expense the sole conduct of all proceedings relating to such claim including the right to contest such claim in the name of **NGESO**. **NGESO** shall supply the **Service Provider** with all information, assistance and particulars reasonably required by the **Service Provider** in connection therewith. **NGESO** shall not accept, settle, pay or compromise any such claim without the prior written approval of the **Service Provider** (not to be unreasonably withheld or delayed). The **Service Provider** shall reimburse to **NGESO** all of its reasonable expenses incurred in connection with the provision of any such information, assistance or particulars in the contesting of any such claim.

12. Provision of Other Services

12.1 The **Service Provider** undertakes to **NGESO** that the availability and delivery of the **Demand Flexibility Service** from any **DFS Unit** pursuant to and in accordance with these **DFS Service Terms** will not at any time be impaired or otherwise prejudiced by the **Service Provider's** performance of any agreement with a third party (including another **Service Provider**) relating to any constituent **Unit Meter Point** or any associated **Plant** and **Apparatus**, including the making available and/or delivery of services to that third party by the **Service Provider** (whether by way of increases or reductions in **Generation** or **Demand** or stipulated running profiles, participation in any other services (including where part of a trial service) or otherwise, and whether to assist in the management, operation or protection of a **User System** or pursuant to the **Capacity Market Rules** or otherwise).

12.2 Notwithstanding paragraph 12.1, and without prejudice to paragraph 12.6, in the event that the **Service Provider** is unable to provide the **Demand Flexibility Service** (to any extent) in all or any part of any **Contracted Settlement Period** for any reason described in paragraph 12.1, then the **Service Provider** shall promptly give a full explanation to **NGESO**.

12.3 Subject always to paragraph 12.4, the **Service Provider** hereby agrees to reimburse to **NGESO** all and any additional costs and expenses incurred by it as a result of such inability including **NGESO's** additional costs of alternative or replacement service provision.

12.4 The amount or amounts for which the **Service Provider** may be liable to reimburse **NGESO** pursuant to paragraph 12.3 in respect of any single instance of delivery of the **Demand Flexibility Service** shall not exceed in aggregate two hundred and fifty thousand pounds sterling (£250,000).

12.5 Where, in relation to any **DFS Unit** and during any one or more **Settlement Periods** in a **Contracted Settlement Period**, a **Service Provider** is required under the terms of any agreement with **NGESO** to provide from any constituent **Unit Meter Point** any other **Balancing Service** (except with respect to **Reactive Power**) the **Parties** agree and acknowledge that to the extent that such service provision is inconsistent or in conflict with the delivery of the **Demand Flexibility Service** (as determined by **NGESO** acting reasonably) then the **Demand Flexibility Service** cannot be provided simultaneously with such other **Balancing Service**. Accordingly, unless pursuant to the terms for provision of and payment for such other **Balancing Services** the relevant constituent **Unit Meter Point** is deemed unavailable to provide the **Demand Flexibility Service** or except as may otherwise be specified by **NGESO**, the relevant constituent **Unit Meter Point** shall be deemed unavailable to provide such other **Balancing Service**, and availability of the constituent **Unit Meter Point** to provide the **Demand Flexibility Service** pursuant to these **DFS Service Terms** shall prevail.

12.6 Where, during any one or more **Settlement Periods** in a **Contracted Settlement Period**, a **Service Provider** or third party is making available and/or delivering services are being made available and/or being delivered from a **Unit Meter Point** to a third party in breach of paragraph 12.1, then that **DFS Unit** shall be deemed to be **Non-Participating** for the purposes of these **DFS Service Terms**.

13. Communications

13.1 Any communications required by these **DFS Service Terms** to be given in writing shall unless otherwise provided in this paragraph 13 be made and deemed to have been received in accordance with paragraph 23 (*Notices*) save as may be otherwise agreed by the **Parties**.

13.2 The **Parties** consent to the recording of all telephone conversations between them relating in whole or in part to these **DFS Service Terms**, and each **Party** agrees to notify its employees of that consent and obtain their consent to that recording if required by **Law**.

14. Termination

14.1 Upon expiry of each **Contracted Settlement Period**, paragraphs 8.4 to 8.6 inclusive of the prevailing **Common Flexibility Service Terms and Conditions** shall apply as if set out in full herein but on the basis that all references therein to termination or expiry shall be construed as referring to that **Contracted Settlement Period**.
