

## Code Administrator Meeting Summary

### Meeting name: CMP330/CMP374 Workgroup 12

Date: 18 July 2022

### Contact Details

Chair: Ren Walker

Contact details: [Lurrentia.walker@nationalgrideso.com](mailto:Lurrentia.walker@nationalgrideso.com)

Proposer: Andy Pace

Contact details: [andy.pace@energy-potential.com](mailto:andy.pace@energy-potential.com)

### Key areas of discussion

- Aims of the meeting were to review the outputs from the informal meeting held on 27 June 2022, discuss the Workgroup Alternative request, and hold alternative vote, review the timeline and agree next steps.
- One CUSC Modification alternative request had been submitted. This alternative proposes to extend the date of implementation from the original proposal (of six months) by an additional six months following Ofgem's decision. This would extend the implementation timeline to twelve months following Ofgem's decision. The Workgroup carried out the alternative vote and by majority vote, this alternative became WACM1.
- It was confirmed that the legal text for CMP330/CMP374 should be contained in Section 2 of the CUSC, instead of Section 14. It was established that a non – charging modification would need to be raised to make these changes, however timescales for this are still to be confirmed. The ESO will hold a legal text drafting session w/c 16 August.
- The Workgroup reviewed the timeline for CMP330/CMP374. The Chair advised that the meeting planned for 26 July 2022 will be cancelled and the Workgroup will next meet on 24 August 2022. (*Post meeting note: This will now be held on 31 August 2022*).

### Actions

- The following actions were taken:

Action Number	Date Raised	Owner	Action	Comment	Due by	Status
---------------	-------------	-------	--------	---------	--------	--------

48	18.07.22	RW/ML	Contact Ofgem regarding the action for ESO to 'Confirm how many 132kv connections are at DNO level'. Confirm if this is required information for the WG report.	Email sent to Ofgem on 22.07.2022. RW/ML to circulate any further comms on this to the WG in advance of the next meeting	TBC	Open
		ND/LH	Contact the ENA to confirm if/what information on this action is accessible. Circulate updates to the Workgroup via email.
