October 2022 Actions

Date raised	Ref	Owner	Action	Current Position	Due by	Status
September	Minute 6031	Panel	At the October Panel, concern was raised around the STCP now, but it was agreed that this action is closed and revisited with the CATO modifications	The STCP01-1 that allows electronic instruction is not in dispute, how an electronic instruction is implemented remains an area for further discussion. Following the September offline meeting, MRPL have agreed with the ESO that they should be instructed verbally to carry out switching via their control point as is standard practice.	October	Closed
January	Minute 5723	RW	NGESO to arrange follow up discussions with NGET and other TOs as required to consider ways of working and possible STCP amendments (in relation to black start arrangements). Suggested timing is after Grid Code mods GC0148 and GC0156 implementing Emergency & Restoration and Restoration Standard requirements have progressed slightly further.	Remains the same	November 2022	Open
