

# Grid Code Review Panel Member Biography

**Name:**

Alan Creighton

**Role:**

DNO Panel Member

**Biography:****Alan Creighton MBE BSc CEng MIEE**

Alan graduated from Leeds University in 1983 with a first class honours degree in Electrical and Electronic Engineering. Since joining the Yorkshire Electricity Board in 1983 he has held a variety of posts within their distribution business and for a short period in their generation business. He is currently a Senior Engineer in the Smart Grid Implementation team at Northern Powergrid with responsibilities for distribution system policies associated with transitioning distribution networks to facilitate net zero. He represents Northern Powergrid and Distribution Network Operators in a wide range of national policy areas ranging from smart metering to the Grid Code. He has represented Distribution Network Operators on the Grid Code Review Panel for over 10 years. Alan was awarded an MBE for services to the Energy Industry in 2018.
