

Headline Report – 16 March 2023

Security and Quality of Supply Standards (SQSS) Panel

The SQSS Panel Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately. For more information, the slides can be found [here](#).

Approval of Panel Minutes

The meeting minutes from the Panel on 09 November 2022 were approved, and these have been uploaded to our [website](#).

New Modifications

The following new Modification Proposal was presented to the Panel:

GSR032: Implementation of the Electricity System Restoration Standard

This Modification is proposing a number of changes to the SQSS to facilitate the direction issued by BEIS in accordance with Special Condition 2.2 of National Grid's Electricity System Operator's Transmission Licence. Implementing an Electricity System Restoration Standard (ESRS) which requires 60% of electricity demand to be restored within 24 hours in all regions, and 100% of electricity demand to be restored within 5 days nationally.

The Panel agreed that GSR032 Terms of Reference need revising before approval. A meeting has been scheduled for 30 March 2023.
