Feedback and CBA Process

Louise Trodden - Technical Code Change Lead

Feedback

- All feedback received through the workgroup has been responded to- either in a meeting and/or by return email
- All possible options for a solution have been reviewed in the same manner and shared to Baringa for an independent view
- All feedback will be shared in a file for transparency

CBA Process

- Baringa are working for the ESO to conduct an independent CBA
- We will continue to involve the workgroup as much as practically possible in this process
- Need to complete the CBA to have something to discuss and review together
- Very high-level next steps post CBA completion
