### Commentary

The market was intermittently long and short over the early morning, becoming long from 8am onwards until 10pm at night. 74MW of Non-BM Fast Reserve was run over the late night, alongside 74MW of STOR. Trades and BM Action supported Voltage Control overnight in the Wales and Midlands areas, and the South East of England. BM Action alleviated thermal export constraints overnight in the North of Scotland to 2am, then in the Wales area from 10am onwards.
