## What is the issue?

During the course of [CMP376](#) implementation minor typographical and formatting changes have been identified to Section 1, Section 11, Section 16, and Schedule 2 Exhibit 3.

This modification proposes to make minor changes to the text which have no material impact on Connection Use of System Code (CUSC) itself.

## Why change?

These changes will correct minor typographical and formatting errors within Section 1, Section 11, Section 16, and Schedule 2 Exhibit 3.

## What is the proposer's solution?

Please see below table of proposed changes:

CUSC Reference	Why the is change needed?
<b>Section 1</b> 1.2.3	A reference to Section 14 has been previously missed from Section 1 and has now been included
<b>Section 1</b> 1.2.4	CMP376 introduced Section 16, but this reference was not included in the approved CMP376 legal text.
<b>Section 1</b> No 3 row in the Categories table on page 3	'Construction Agreement' and 'Distributed Generation' are defined terms and therefore should be in bold
<b>Section 11</b> "User Progression Milestones"	'Conditional Progression Milestones' falls under a defined term and therefore the "s" at the end of 'Milestones' should be in bold
<b>Section 16</b> 16.3 paragraph 5	'Queue Management Process' is a defined term and therefore should be in bold.
<b>Section 16</b> Milestone 3) Secure Land Rights	'OTSDUW' is a defined term and therefore should be in bold
<b>Section 16</b> Milestone 7) Project Commitment and Milestone 8) Project Construction	'User's' falls under a defined term and therefore should be in bold.
<b>Section 16</b> Construction Progression Milestones table on page 6	To ensure consistency throughout the document 'month' should not be capitalised.
<b>Section 16</b> 16.4.8	'Project' was missed before 'Milestones Remedy' as a part of the defined term so as been included in bold.
<b>Section 16</b> 16.6.2 (b)	'date of the" is not a defined term and therefore should not be in bold.
<b>Schedule 2 Exhibit 3</b> Contents	Appendix Q full title was missed from the CMP376 legal text.
<b>Schedule 2 Exhibit 3</b> 16.2.2.	The CMP376 legal text placed a comma in the wrong part of the sentence.

## Draft legal text

Please see Annex 1

## What is the impact of this change?

### Proposer's assessment against CUSC Non-Charging Objectives

Relevant Objective	Identified impact
(a) The efficient discharge by the Licensee of the obligations imposed on it by the Act and the Transmission Licence;	<b>Neutral</b> No licence impacts
(b) Facilitating effective competition in the generation and supply of electricity, and (so far as consistent therewith) facilitating such competition in the sale, distribution and purchase of electricity;	<b>Neutral</b> No impact on competition
(c) Compliance with the Electricity Regulation and any relevant legally binding decision of the European Commission and/or the Agency *; and	<b>Neutral</b> No compliance implications
(d) Promoting efficiency in the implementation and administration of the CUSC arrangements.	<b>Positive</b> This will improve administration of the CUSC

\*The Electricity Regulation referred to in objective (c) is Regulation (EU) 2019/943 of the European Parliament and of the Council of 5 June 2019 on the internal market for electricity (recast) as it has effect immediately before IP completion day as read with the modifications set out in the SI 2020/1006.

### Proposer's assessment of the impact of the modification on the stakeholder / consumer benefit categories

Stakeholder / consumer benefit categories	Identified impact
Improved safety and reliability of the system	<b>Neutral</b>
Lower bills than would otherwise be the case	<b>Neutral</b>
Benefits for society as a whole	<b>Neutral</b>
Reduced environmental damage	<b>Neutral</b>
Improved quality of service	<b>Positive</b>

## When will this change take place?

### Implementation date

06 March 2024

**Date decision required by**

Unanimous Panel agreement is required from CUSC Panel on 26 January 2024; otherwise the CUSC will agree a different governance route.

**Implementation approach**

Once the appeals window had closed (pending no appeals) then the modification should be implemented no later than 10 working days after this. The Code Administration team have selected 06 March 2024 for implementation.

**Proposer's justification for governance route**

Governance route: Fast Track Self-Governance modification to proceed to Code Administrator Consultation

This is an administrative modification that has minimal materiality and therefore meets Self-Governance criteria.

The modification fulfils the Fast Track Self-Governance criteria as it is required as a result of minor typographical and formatting errors.

- Annex 1 – CMP429 legal text

<sup>1</sup> If your modification amends any of the clauses mapped out in Exhibit Y to the CUSC, it will change the Terms & Conditions relating to Balancing Service Providers. The modification will need to follow the process set out in Article 18 of the Electricity Balancing Guideline (EBR – EU Regulation 2017/2195) – the main aspect of this is that the modification will need to be consulted on for 1 month in the Code Administrator Consultation phase. N.B. This will also satisfy the requirements of the NCER process.
