

Code Administrator Meeting Summary

CMP413 - Workgroup 14 - Rolling 10-year wider TNUoS generation tariffs.

Date: 06/02/2024

Contact Details

Chair: Claire Goult, ESO Code Administrator claire.goult@nationalgrideso.com

Proposer: Hugh Boyle – EDF Energy hugh.boyle@edfenergy.com

Details of meeting objectives were shared with the Workgroup by the Chair.

Timeline Update

The Chair talked through the timeline update and asked for any questions or concerns. The Workgroup reviewed and confirmed the timeline.

Panel Update

The Chair gave an update that in their January meeting the CUSC Panel confirmed WACM2 could be raised as a new modification in its own right as it has a substantially different effects than the Original CMP413 proposal.

Action Update

Actions 31, 35, and 36 were closed.

Legal text review.

The ESO representative presented the changes to the legal text, which were considered and discussed by the Workgroup. The ESO representative took away an action to update the legal text Original and WACM1 on the current Baseline and provide it ahead of the publication of the Workgroup Report **[Action 37]**.

Review Draft Workgroup Report

The Chair presented the draft Workgroup Report. The Workgroup agreed that a high-level summary of WACM2 would be sufficient for the Workgroup Report **[Action 39]**. The Proposer took an action to review and clarify the paragraph on the top of page 4 of the document, Clarify and make the solution more explicit by including the graph in Annex 8, and consider if the windfarm life cycle is required **[Action 38]**.

Workgroup Voting Process

The Chair talked through the Workgroup voting process.

Possible Workgroup Vote

The Chair undertook the Workgroup vote. Details of the workgroup vote are in the CMP413 Workgroup Report. Voting Workgroup members agreed to provide their voting statements via e-mail **[Action 40]**.

AOB/Next Steps

The Chair will Update and circulate final Workgroup Report for members to review prior to submission [**Action 41**].
