ESO

Review and finalise the CMP434 Workgroup Consultation

All

Feedback Themes	Action Taken
Clarification on elements of Proposers solution	- Clarificatory and minor amends made - Points answered within commentary where necessary - "Sections" of Solution now referred to as elements throughout
Offshore Hybrid Assets	- Clarificatory amends made around what OHAs are and how they are treated by this proposal
Codification of methodology/guidance	- Clarificatory amends made to aid understanding - Where changes would be made in Gate 2 around M1 and M3 and level of Codification
General	- Capitalisation of defined terms - Accepting non contentious changes - Formatting
Queries	- Answered in comments where relevant
Readability	- Changes made to workgroup discussions to aid document readability

NB – Changes accepted unless by exception. Any to discuss in the workgroup have been left in document. Where possible if a suggested change has not been accepted we have provided commentary
