Summary

Meeting name: GC0166 Workgroup Meeting 10

Date: 12/11/24

Contact Details

Chair: Milly Lewis (NESO) milly.lewis@nationalgrideso.com

Proposer: Steve Baker (NESO) stephen.baker@nationalgrideso.com

Key areas of discussion

- **Legal Text Amendments:** Discussion on various amendments to the legal text, including definitions and parameters for balancing mechanism units (BMUs).
- **Future State of Energy (FSOE):** Clarification on the definition and calculation of FSOE, including the point of connection and asset-specific data requirements.
- **Maximum Delivery Offer (MDO) and Maximum Delivery Bid (MDB):** Detailed discussion on the definitions and requirements for MDO and MDB, including the need for BMUs to submit these parameters.
- **Data Submission Methods:** Consideration of whether data should be submitted via a data portal or through EDL, with a preference for industry feedback on this matter.
- **Consultation Document:** Review and refinement of the workgroup consultation document, including the addition of specific questions for industry feedback.
- **Implementation Timeline:** Mention of the implementation period informed by the open balancing platform and the need for NESO to implement changes post-approval.

Next Steps

Update Workgroup Consultation Document: Incorporate the discussed changes and clarifications, including the contextualizing paragraph in the proposer's solution section.

Review and Provide Feedback: Workgroup members to review the updated document and provide any show-stopper feedback by midday on Monday.
