

Headline Report

Meeting number: Meeting 80

Date of meeting: Tuesday 14 January 2025

Location: MS Teams

This note sets out the headlines from the latest meeting of the Joint European Stakeholder Group (JESG) and is provided in addition to the presentations from the meeting which are available within the Codes Calendar on the NESO website. The material in the presentation is not duplicated in this report.

If you have any queries in relation to the content of this report, please email the JESG Technical Secretary Andrew Hemus at box.europeancodes.electricity@nationalenergyso.com

Industry Updates

Innovation Project: ‘Assessment of Alternative Approaches to Setting NTCs’ by Racheal Idowu, NESO

Racheal Idowu shared details of the Innovation Project: ‘Assessment of Alternative Approaches to Setting NTCs’ [details available on the slides](#).

Racheal confirmed that during the initial scope meeting it had been discussed the intention for consultants alongside NESO to engage with stakeholders. Also confirming that NESO may issue a stakeholder questionnaire to gather industry feedback.

Racheal confirmed that the project details and the final project outcomes will be published on the [smarter networks portal](#) for all to view. NESO will discuss outcomes with Ofgem and consider how to proceed with the recommendations arising out of the project.

Racheal has offered to return to JESG to further discuss the Innovation Project and its output at the relevant time.

AOB

None

Next Meeting and Future Agenda Items

The next JESG meeting **11 February 2025** starting at 10am. Stakeholders are invited to submit agenda items and presentation material for this meeting by **3 February 2025** or any future meetings to the Technical Secretary by emailing: box.europeancodes.electricity@nationalenergyso.com.
