# Agenda

1. CM095 Send Back Update
2. CM095 Second Workgroup Vote
3. Next Steps

## CM095 Implementing Connections Reform Authority Send-Back

On 20 January 2025, Ofgem sent back the CM095 Final Modification Report for further work and directed Panel to revise and resubmit the Final Modification Report by 29 January.

- The modification has been sent back due to changes made to the applicable code objectives during the modification process, which the modification was not assessed against.
- The Authority have requested that a further Workgroup Vote, Code Administrator Consultation and STC Panel Vote are undertaken in respect of the amended/additional objectives.

### Steps taken since receiving the Send back

- Proposer has provided their assessment against the New STC and the Amended STC
- A Workgroup meeting has been scheduled for 22 January 2025
- Code Administrator templates have been updated
- The Applicable Objectives for live modifications are being updated

## CM095 Second Workgroup Vote

### The Applicable STC Objectives are:

- a) *efficient discharge of the obligations imposed upon Transmission Licensees by Transmission Licences and the Electricity Act 1989;*
- b) *efficient discharge of the obligations imposed upon the licensee by the Electricity System Operator licence, the Energy Act 2023 and Electricity Act 1989;*
- c) *development, maintenance, and operation of an efficient, economical, and coordinated system of electricity transmission;*
- d) *facilitating effective competition in the generation and supply of electricity, and (so far as consistent therewith) facilitating such competition in the distribution of electricity;*
- e) *protection of the security and quality of supply and safe operation of the National Electricity Transmission System insofar as it relates to interactions between Transmission Licensees and the licensee\*;*
- f) *promotion of good industry practice and efficiency in the implementation and administration of the arrangements described in the STC;*
- g) *facilitation of access to the National Electricity Transmission System for generation not yet connected to the National Electricity Transmission System or Distribution System; and*
- h) *compliance with the Electricity Regulation and any Relevant Legally Binding Decisions of the European Commission and/or the Agency.*

\* See Electricity System Operator Licence

ASO = Applicable STC Objective

**Baseline** - The current STC (if voting for the Baseline, you believe no modification should be made).

**Original** - The solution which was firstly proposed by the Proposer of the modification.

**Alternative STC Modification (ASM)** - An Alternative Solution which has been developed Modification by the Workgroup).
