Dear requester

Request for Information

Thank you for your request for information.

Request

You asked us about the Phase 3 Consultation Documents for Connections Reform and the list of information sources in the appendices to the Connections Reform Data Impact Assessment v0.02. You asked for copies of the final 5 items on the list:

- NESO CP30 Data Workbook, the
- NESO Request for Information (RFI) on Land Rights and Planning Status
- NESO Internal data sets
- Regen NESO Transmission Pipeline Report
- ENA Distribution Databook (June 2024)

You also asked for copies of the TEC Registers used.

Our response

We confirm that we hold information in scope of your request. Your request was passed to the Information Rights Team on 26 November, but we are aware that you submitted your enquiry to

NESO on 7 November. We are able to provide some of the information that you requested today and will respond as soon as possible on the remainder of the requested information.

The Clean Power 2030 (CP30) Data Workbook is published on our website:

[Clean Power 2030 | National Energy System Operator.](#)

We can provide copies of the September TEC Registers. Please see the attached documents.

The reference to the NESO internal datasets is an extract of data which is equivalent to the data in the TEC Register, so this is the same as the data contained in the attachments.

We are consulting with internal NESO teams and external stakeholders where applicable on the remaining items. We will come back to you with a response regarding the RFI, the Transmission Pipeline Report, and the ENA Distribution Databook.

In the meantime, in case you are not already aware of this online resource, the Energy Networks Association (ENA) provide a monthly summary of the connections data on their website:

[Connections Data – Energy Networks Association \(ENA\).](#)

Please be assured that the Information Rights Team is prioritising your request and we will come back to you as quickly as we can with the remainder of our response. We apologise for the delay.

Next steps

You can ask us to review our response. If you want us to carry out a review, please let us know within 40 working days and quote the reference number at the top of this letter.

If you are still dissatisfied after our internal review, you can complain to the Information Commissioner's Office (ICO). You should make complaints to the ICO within six weeks of receiving the outcome of an internal review. The easiest way to lodge a complaint is through their website: www.ico.org.uk/foicomplaints. Alternatively, they can be contacted at: Wycliffe House, Water Lane, Wilmslow, SK9 5AF.

Thank you for your interest in the work of the National Energy System Operator (NESO).

Regards,

The Information Rights Team

National Energy System Operator (NESO)
