Agenda

1	Introduction	2 min
2	Update on Releases	6 min
3	Update on SMP Roadmap	8 min
4	Pre-Qualification Dashboard Phase 3 Demo	6 min
5	BM Registration Demo	15 min
6	BM Registration Communication Plan	5 min
7	Feedback	2 min

Rules

- This is your session to participate. Dig in!
- Use the chat function to ask questions.
- Use the mute button when not speaking.
- Avoid interrupting when others are speaking.

63

Your Participation Role

1. **Throughout the session**
   Speak up, think big, raise concerns, be patient, don't use acronyms or inside language.
2. **During activities**
   Ask clarifying questions before we begin, good energy in - good results out.
3. **Remember**
   This session is part of the (good) work. We've never done this together before. Seek to understand before being understood.

Mural Tips

NAVIGATION

Moving the board

Hold the space bar down then click and drag to move the position of the entire MURAL on your screen

Zooming in & out

Scroll the wheel on your mouse or pinch on your trackpad to zoom in/out. When changing devices you may need to check **Zoom Settings** in the bottom right.

The minimap

Track your view of the MURAL and zoom percentage on the minimap on the bottom right corner of your screen.

ORGANIZING

Select Objects

Click an object to select it; hold shift while clicking objects to select more than one at once

Move Objects

After selecting the objects you wish to move, simply drag them to the desired location on the MURAL

CONTRIBUTING

Sticky Notes

Add sticky notes by right-clicking, then selecting **Add Sticky Note** or by double clicking on an empty space or the background.

Update on Releases

Latest status

6 min

14th February - Release 3.9

1. BM Registration - improved user experience, elimination of manual data entry to the NESO Systems Support and Insight Team and all registrations are on the strategic solution of SMP.
2. Technical Debt Phase 5 - improvements to technical error messages, configuration of automated flows and data handling.

28th February - Release 3.10

1. Slow Reserve Onboarding - code into production for the readiness when the Slow Reserve Service have approval for onboarding later this year.
2. Quick Reserve Onboarding - code into production for the readiness when the Quick Reserve Service have approval for onboarding later this year.
3. General Enhancements - bug fixes.

28th March - Release 3.11

1. STAR Integration (interim) - the Finance Manager can access easier the existing SharePoint solution for their invoices.
2. Design System Phase 1 - using re-usable components and design patterns libraries to ensure external portals and branding is consistent across NESO platforms.
3. BM Registration Enhancements Interconnectors - improved user experience and elimination of manual data entry for registrations of Interconnectors.
4. Platform for Energy Forecasting Integration - to ensure all Balancing Mechanism data is accessible by the Platform for Energy Forecasting from SMP.
5. ENAMs/PODE Integration - the Unit Manager can easily see assets and units that are connected to NESO that have an outage and impact their ability to participate on Day Ahead Markets.
6. Pre-Qualification Dashboard Enhancements Phase 2 (Salesforce Map Integration) - allows the Unit Manager to view assets by Geographical location.
