

## **CMP344: Clarification of Transmission Licensee revenue recovery and the treatment of revenue adjustments in the Charging Methodology**

<b>Workgroup Term of Reference</b>	<b>Location in Code Administrator Consultation</b>
a) Consider whether or not the Offshore Transmission Network Review might provide a better forum to propose any changes to the charging arrangements for participants in the OFTO regime	
b) Clarify in the Final Modification Report which OFTO costs that CMP344 applies to.	
c) In the Legal Text a) clarify which OFTO costs that CMP344 applies to and b) clearly sets out the exact methodology the NESO should follow	
d) Ensure consistency between the Final Modification Report and Legal Text	
e) Provide quantitative analysis as to how CMP344 impacts each set of network users
