Headline Report February 2025

The Headline Report is produced after every Panel and aims to provide an overview of the key decisions made. Minutes for this meeting will be published separately.

New Modifications

The following new Modification Proposals were presented to the Panel:

PM0146 Emergency Control Centre Requirements

Adjustment to the phrasing around the IT architecture required at the Emergency Control Centre, to include the option to meet the requirements with 'capabilities' instead of just 'systems'.

The Panel unanimously agreed that PM0146 should be implemented.

PM0146 documentation can be found [here](#).

CM0101 Additional Definition in Relation to PM0144

This Modification's purpose is to introduce 2 new definitions to Section J, to allow STCP Modification PM0144 to be implemented.

The Panel unanimously agreed that CM0101 should follow the Fast Track Self-Governance route and for the Appeals Window to take place from 28 February to 5pm on 21 March 2025. The modification will be implemented on 28 March 2025 if no Appeals are received.

CM0101 documentation can be found [here](#).
