CONTRACT LOG NO: [_____]

THIS **FAST RESERVE FRAMEWORK AGREEMENT** is made on the [] day of [] 20[]

BETWEEN

- (1) **NATIONAL GRID ELECTRICITY SYSTEM OPERATOR LIMITED** a company registered in England and Wales with number 11014226 whose registered office is at 1-3 Strand, London, WC2N 5EH ("**National Grid**", which expression shall include its successors and/or permitted assigns); and
- (2) [] a company registered in England and Wales with number [] ("**Fast Reserve Provider**", which expression shall include its successors and/or permitted assigns).

WHEREAS

- (A) This **Fast Framework Agreement** is entered into in respect of one or more **Contracted BM Units** and/or **Contracted Sites** owned and/or operated by the **Fast Reserve Provider** in anticipation of the submission by the **Fast Reserve Provider** of **Firm Fast Reserve Tenders** in respect of such **Contracted BM Units** and/or **Contracted Sites**, and in anticipation of the provision by the **Fast Reserve Provider** of **Optional Fast Reserve**.
- (B) Accordingly, the applicable provisions of this **Fast Reserve Framework Agreement** shall apply with respect to each **Firm Fast Reserve Tender** submitted by the **Fast Reserve Provider**, and with respect to each relevant **Contracted BM Unit** or **Contracted Site** (as the case may be) shall form part of each and any **Fast Reserve Contract** formed in relation thereto.

NOW IT IS HEREBY AGREED as follows:

1. DEFINITIONS, INTERPRETATION AND CONSTRUCTION

Unless the subject matter or context otherwise requires or is inconsistent therewith, and unless defined herein, terms and expressions defined in Section 6 of the **Standard Contract Terms** have the same meanings, interpretations or constructions in this **Fast Reserve Framework Agreement**. Unless the subject matter or context otherwise requires or is inconsistent therewith, in this **Fast Reserve Framework Agreement** the terms set out in Appendix 1 shall have the meanings set out respectively therein.

2. STANDARD CONTRACT TERMS

- 2.1** Subject to Sub-Clause 2.2, the **Parties** hereby agree to be bound by, and to comply with, the applicable provisions of the **Standard Contract Terms** with respect to the submission of **Fast Reserve Tenders** and any **Fast Reserve Contract** formed pursuant thereto.
- 2.2** The **Standard Contract Terms** shall be read and construed subject to the **Special Conditions** (if any) set out in Appendix 2.
- 2.3** The **Fast Reserve Provider** agrees that the relevant provisions as to determination of the payments to be made between **National Grid** and the **Fast Reserve Provider** in consequence of events of default set out in Section 3 of the **Standard Contract Terms**

are reasonable in light of the anticipated harm and the difficulty of estimating or calculating actual damages. The **Fast Reserve Provider** accordingly waives the right to contest those provisions as an unreasonable penalty or otherwise.

3. COMMENCEMENT AND TERM

3.1 This **Fast Reserve Framework Agreement** shall come into force on the date hereof and shall continue in force and effect until terminated by either **Party** by not less than two months' notice in writing to the other (but not so as to expire during the subsistence of any **Fast Reserve Contract** in respect of any **Firm Fast Reserve Unit**) or until earlier termination in accordance with the **Standard Contract Terms**.

3.2 This **Fast Reserve Framework Agreement** shall supersede and replace all and any previous **Fast Reserve Framework Agreements** to which the **Parties** are a party at the **Commencement Date** but without prejudice to any rights or remedies accrued at such date.

4. PROVISION OF FAST RESERVE

4.1 Without limiting the generality of Sub-Clause 2.1, upon the formation of each **Fast Reserve Contract** pursuant to and in accordance with the **Standard Contract Terms**, the **Fast Reserve Provider** hereby agrees to provide **Fast Reserve** to **National Grid** from the relevant **Contracted BM Unit** or **Contracted Site** (as the case may be) upon and subject to the applicable terms and conditions set out in the **Standard Contract Terms** and in accordance with Clause 5.

4.2 For the purposes of this **Fast Reserve Framework Agreement** and subject to the **Standard Contract Terms**, the **Parties** hereby agree that, where the **Fast Reserve Contract** so provides, the **Fast Reserve Provider** may procure the performance of certain of its obligations in connection with the provision of **Fast Reserve** from the relevant **Contracted BM Unit** or **Contracted Site** (as the case may be) by the **Fast Reserve Provider's Agent**.

5. BASE SERVICE PARAMETERS

For the purpose of provision of **Fast Reserve**, the **Base Service Parameters** shall be as set out in Appendix 3.

6.2 **Fast Reserve** shall be deemed unavailable with respect to an **Aggregated Contracted Site** unless and until the **Fast Reserve Provider** shall have allocated or re-allocated to the **Aggregated Contracted Site** in accordance with Clause 7 one or more **Contracted Sub-**

7.8 The **Fast Reserve Provider** may not make in excess of 3 **Allocation Notifications** in any calendar month.

7.9 If, in accordance with Sub-Clause 7.6, an **Allocation Notification** is invalid then it shall be treated as if it was never submitted.

8. PROVISION OF FAST RESERVE (AGGREGATED CONTRACTED SITES)

8.1 Without limiting the generality of Sub-Clause 2.1, upon the formation of each **Fast Reserve Contract** pursuant to and in accordance with the **Standard Contract Terms**, the **Fast Reserve Provider** hereby agrees to provide **Fast Reserve** to **National Grid** from the relevant **Aggregated Contracted Site** upon and subject to the applicable terms and

SECTION 1

WORKS PROVISIONS/NOT USED

1. [The **Fast Reserve Provider** shall use its reasonable endeavors to procure that the **Fast Reserve Pre-Qualification Assessment** is passed prior to the **Commencement Date** and in respect thereof time shall be of the essence. The **Parties** agree that the **Works Programme** represents an indicative schedule of progress of the **Works**. During progress of the **Works**, both **Parties** shall use their reasonable endeavors to agree any revisions to the precise technical specification for the **Fast Reserve Pre-Qualification Assessment** which are necessary to reflect any **Technical Parameters** submitted by the **Fast Reserve Provider** after such technical specification was agreed.
2. The **Fast Reserve Provider** shall provide to **National Grid** on a monthly basis (or at such lesser frequency as **National Grid** may agree in writing) reports of how the **Works** are progressing which shall, inter alia, identify any delay or anticipated delay in completing the **Works** and how the **Fast Reserve Provider** shall, if so requested by **National Grid**, give to **National Grid** such evidence as it shall reasonably require and, if necessary, allow **National Grid's** representative all reasonable access to the **Power Station** or **Site** (as the case may be) and to the **Contracted BM Units** or **Contracted Sites**, to enable **National Grid** to ascertain how the **Works** are progressing and that the **Works** are proceeding in accordance with the **Works Programme**.
3. If, following receipt of a monthly report pursuant to paragraph 2 above or in exercise of its rights pursuant to paragraph 2 above or otherwise, **National Grid** believes that the **Works** will not be completed on or before the **Commencement Date**, then **National Grid** may notify the **Fast Reserve Provider** in writing that it has withdrawn its **Firm Fast Reserve Tender Acceptance** and such notice shall take effect immediately.
4. When the **Works** are completed, the **Fast Reserve Provider** shall (at its own cost) conduct a **Fast Reserve Pre-Qualification Assessment** before the **Commencement Date** to demonstrate that the **Contracted BM Units** or **Contracted Sites** are able to provide **Fast Reserve** in accordance with the **Fast Reserve Contract**. The **Fast Reserve Provider** shall give **National Grid** at least two weeks' prior written notice of the date when it proposes to conduct the **Fast Reserve Pre-Qualification Assessment** and (at **National Grid's** option) the **Fast Reserve Pre-Qualification Assessment** shall be carried out in the presence of a reasonable number of **National Grid's** non-participating representatives.
5. Following receipt of a notice issued by the **Fast Reserve Provider** pursuant to paragraph 4 or 6 (as the case may be), both **Parties** shall use their reasonable endeavors to ensure that the **Fast Reserve Pre-Qualification Assessment** is conducted as soon as possible and shall agree the date and time of the **Fast Reserve Pre-Qualification Assessment**, provided always that, although **National Grid** shall not unreasonably refuse to carry out a **Fast Reserve Pre-Qualification Assessment** at any time and date that may be requested by the **Fast Reserve Provider**, having regard to the cost implications **National Grid** reserves the right to cancel any **Fast Reserve Pre-Qualification Assessment** previously agreed to be carried out. In such a case the **Parties** shall agree an alternative time and date where the **Fast Reserve Pre-Qualification Assessment** shall be carried out which shall be as soon as possible thereafter.

6. As soon as possible after the date on which the **Fast Reserve Pre-Qualification Assessment** has been completed, **National Grid** shall notify the **Fast Reserve Provider** whether it has passed or failed the **Fast Reserve Pre-Qualification Assessment**. Subject to the provisions of paragraph 8, in the event that **National Grid** notifies the **Fast Reserve Provider** that in **National Grid's** opinion (and giving reasons for that opinion) the **Fast Reserve Provider** has failed any **Fast Reserve Pre-Qualification Assessment**, the **Fast Reserve Provider** shall as soon as possible respond to **National Grid**. The **Fast Reserve Provider** shall address the reason for the failure and shall subsequently notify **National Grid** when the failure has been addressed, whereupon the provisions of paragraphs 4 and 5 shall apply.
7. Each **Party** shall bear its own costs in relation to the first **Fast Reserve Pre-Qualification Assessment**. In relation to the second and each subsequent **Fast Reserve Pre-Qualification Assessment** the **Fast Reserve Provider** shall be responsible not only for its own costs but also shall reimburse to **National Grid** all **National Grid's** reasonable costs reasonably incurred as a direct result of the second and each subsequent **Fast Reserve Pre-Qualification Assessment** (not to exceed in relation to all tests £[50,000] in aggregate). For the avoidance of doubt, each **Party** shall bear the risk of, and the other **Party** shall have no liability to the **Party** in respect of, loss and damage to that **Party's Plant** or **Apparatus** caused during or as a result of any **Fast Reserve Pre-Qualification Assessment** (whether due wholly or partly to the other **Party's** default or the malfunction of its **Plant** or **Apparatus** or otherwise).
8. If the **Fast Reserve Provider** fails to:-
- 8.1 conduct a successful **Fast Reserve Pre-Qualification Assessment** prior to the **Commencement Date**; or
- 8.2 pass a second successive **Fast Reserve Pre-Qualification Assessment** or any subsequent **Fast Reserve Pre-Qualification Assessment**,
- then unless **National Grid** otherwise elects to waive such requirement by notice in writing to the **Fast Reserve Provider**, **National Grid's** acceptance of the **Firm Fast Reserve Tender** pursuant to the **Standard Contract Terms** shall be of no effect.
9. In this Appendix 6, the following terms shall have the meanings set opposite each:
- "**Site**" the installation comprising one or more **Generating Units** and/or other **Plant** or **Apparatus** (even where separately sited) owned or controlled by the same **Fast Reserve Provider** which may reasonably be considered as being managed as one **Site**;
- "**Fast Reserve Pre-Qualification Assessment**" has the meaning ascribed to that term in the **Standard Contract Terms**;
- "**Works**" those works relating to the **Contracted BM Units** or **Contracted Sites** more particularly described in Section 2 of this Appendix 6;
- "**Works Programme**" the programme for completion of the **Works** more particularly described in Section 2 of this Appendix 6.]
